Thursday, March 25 7:00 - 8:30 PM

Farrell Hall

Thank you for the positive response to the questionnaires. We received nearly 1,000 completed surveys. Here's what we learned:

- Overwhelmingly you answered that deepening your relationship with your spouse was important to you.
- Nearly 60% of you indicated with a solid “yes” that you would be interested in participating in a program promoting and strengthening your marriage. Many others checked “maybe” but could not commit at the time we asked the question.
- Thursday evenings at 7:00 was the most preferred meeting time.
- A social aspect should be integrated into the program made up of a mix of small group, large group and guest speaker formats – with meetings every four weeks.
- And of the topics we asked you about - you showed interest in all.
